Elevated Work Platform

Telehandler Gold Card

Test and Tag Certificate

I am 100% a self-confessed lighting nerd- I live and breath this stuff. Want to get me excited(or to be put to sleep)? lets start talking the latest in networking and wireless control, or the coolest new lamps on the market.

I have over 15 years experience on a wide variety of projects from tent pole features and long running TV Series, to TVC's and Social Media campaigns for big and small companies alike. I pride myself in working with a DP to create great pictures, while being cognizant of the realities of schedules and budget.

Equipment

From a small van package to a large truck. Dedos to 18ks, and all things LED and control. We can do it all. Contact me to discuss your equipment needs.

Shortform

Hundreds of TVCs, Promos and Music Videos as Gaffer, Best Boy or Lighting Console Programmer for a wide variety of companies and clients. Recent examples include—Dior, McDonalds, Google, LG, The Iconic, Lexus, Nissan, Woolworths, Coles, Ebay, Nova Radio, Fox Sports and many more. A list of recent work is available on request.

Longform Productions

I am no stranger to longform productions, having spent the first decade of my career learning the ropes on fast-paced Australian Dramas. I have a true passion for the craft of storytelling, and what I can bring to the table as a Gaffer. I am a strong believer in doing my part to create a positive, inclusive and collaborative culture on set, that not only gets the most out of my own team, but creates an environment that encourages the best out of everybody.

Year	Job	Company	Roll	Gaffer	DOP
2023	La Brea Season 3	NBC/Matchbox	Chief Lighting Technician	-	Mark Wareham ACS Dan Maxwell ACS
